WANT TO VISIT
LEPER SETTLEMENT

Representatives From Molokai
Would Meet Their
Constituents.

Fred W. Beckley and Solomon Kawaihoa, representatives elect from the Third District, want to visit their constituents at the Leper Settlement on Molokai. Beckley addressed the following letter to the Board of Health, which was read yesterday:

Honolulu, January 4, 1901.

To the President, Board of Health:

Sir—The undersigned respectfully requests official permits for himself and his colleague, Hon. Solomon Kawaihoa, to enter the Leper Settlement for the purpose of meeting their constituents and ascertaining their wishes in the premises, preparatory to the coming session of our Territorial Legislature.

Hoping an early reply, I am, yours truly,

F. W. BECKLEY.

Representative-elect, Third District.

When the letter was read Dr. Emerson offered a motion that the request be granted. Someone suggested that this would not be wise. The custom had been for a committee of legislators appointed at the opening of the legislative session, to visit the Settlement for the purpose of making a report and recommending changes.

The members of the board, after talking over the matter, concluded to refuse Mr. Beckley's request, and Dr. Raymond instructed Secretary Wilcox to write him concerning the matter.

THE STAR DAIRY
MILK SCANDAL

J. A. Magoon's Driver Lambo
Let go on Account of
Technicality.

The case of C. Lambo, the driver of a milk wagon for the Star Dairy, who was arrested Christmas morning for selling adulterated milk, came up before Judge Wilcox yesterday morning. The case had been continued from time to time, and when it did come to trial nothing could be done with Lambo for the reason that he had not taken any money for the milk he had delivered, and therefore could not be charged with selling it. He was found not guilty and discharged.

The prosecution could not find any evidence that Lambo had sold the milk, as Mrs. Levy, to whom the milk was delivered, testified that she had gone herself to the office to pay the bill. All Lambo had to do with the matter was the delivery of the milk, and he could not therefore be held.

Attorney J. A. Magoon runs the Star Dairy, which dispenses suspicious milk, and Magoon has been active in the defense of the sellers of the questionable fluid.

Deputy Sheriff Chillingworth said yesterday after Lambo was let go, that he would proceed at once against the Star Dairy and try to make the employers of Lambo pay the penalty of breaking the law.

Wounded Man Is Crazy.

Sam Pedro, the negro who was badly stabbed in a fight at a luau the other night, was arrested last night by Officer Spiller for riding in a brake without a light. He was taken to the police station. The officer did not know who the man was until after he had placed him under arrest. Pedro was out of his head and raving like a maniac. He was driving with his son. His son did not know where the father was going or what he was about to do. It was with some difficulty that Pedro was restrained from violent actions and lodged in a cell at the police station. As far as his wound is concerned he is doing very well, but he is at present out of his mind. The patrol wagon had just gone to Pedro's residence to take him to the hospital for proper treatment, for his brother could not manage him while he was out of his head, when the fellow was arrested for driving without a light.
